

## 第 期科学技术基本計画と今後の防災研究 The 3<sup>rd</sup> Science and Technology Basic Plan and a future protection against disasters study

- 河田恵昭
- Yoshiaki Kawata

According to the 3rd Science and Technology Basic Plan, a research field about disaster prevention/reduction is in " Social Infrastructure" division in the four promotion categories , and the field of disaster prevention/reduction shown in following three figures through choice and concentration process of research and development in a promotion strategy. They will be promoted by several ministries and government offices. By our lecture, I would like to point out the promoting processes and problems.

### はじめに

第三期科学技術基本計画では，防災・減災に関する分野は，推進4分野の中で『社会基盤』に入っており，分野別推進戦略における研究開発の選択と集中によって，つぎのような3枚の図面に集約された防災の分野が各省庁によって進められている．講演では，その経緯や問題点を指摘する．
